## UPDATES

On Tuesday January 21, 2025, your bargaining team started negotiations with the company.

As of March 3, 2025, we are making good progress on negotiation of a local agreement. The bargaining team are working on addressing all concerns, as well as the membership resolutions that were submitted. We cannot go into further details until we get a tentative agreement and are able to present the tentative agreement to the membership. Thank you for your understanding. Please continue to have patience with us as we work to secure a new local agreement.
