TRAFFIC PATTERN

The Union is working towards fixing the traffic pattern. The change that took place needs some improvements. On March 19, 2025, we met with Sheffield Village officials to have the traffic light time extended, to help ease congestion out of the parking lot. We are aware there need to be changes to the entrance lanes also and are actively working with Ford Land, local officials and ODOT on a solution.

H567 LINE

The H567 line will continue 2 weeks on / 2 weeks off until May 31, 2025.

Both shifts will resume normal production in June. (Order bank supports two shifts again, beginning in June.)

UPDATES

Negotiations: On Tuesday January 21, 2025, your bargaining team started negotiations with the company.

As of March 24, 2025, we are still making good progress on negotiation of a local agreement. We cannot go into further details until we get a tentative agreement and are able to present the tentative agreement to the membership. Thank you for your understanding.

Summer Vacation: You will be advised no later than April 1, 2025, as to the specific shutdown period and the number of employees required to work.

Saturday's: Currently there are no further Saturday's scheduled.
